B.Tech. (IT) - 8.07 CGPA

Prasad V. Potluri Siddhartha Institute of Technology

📅 July 2021 – Currently

Higher Secondary - 95%

Andhra Pradesh Board of Intermediate Education

📅 2021

Secondary - 10 CGPA

The Board of Secondary Education Of Andhra Pradesh

📅 2019

PROJECTS

End-to-End Web Application

- Developed a comprehensive User Management System
- Improved Data Management and Authentication processes.
- Utilized tools and technologies such as HTML, CSS, Python, Flask framework, and MongoDB for the database.

Attendance Management System

- It provides students with easy access to their attendance records and send automatic notifications when their attendance falls below a specified threshold, ensuring that they stay informed.
- The system will also allow students to view detailed attendance reports, including overall and subject-wise attendance.
- Tools and Technologies used - MERN

Boundless Pages

- Developed a straightforward search feature for finding books, integrated with Google Drive, allowing users to easily access their desired books.
- Tools and Technologies used - React, CSS
